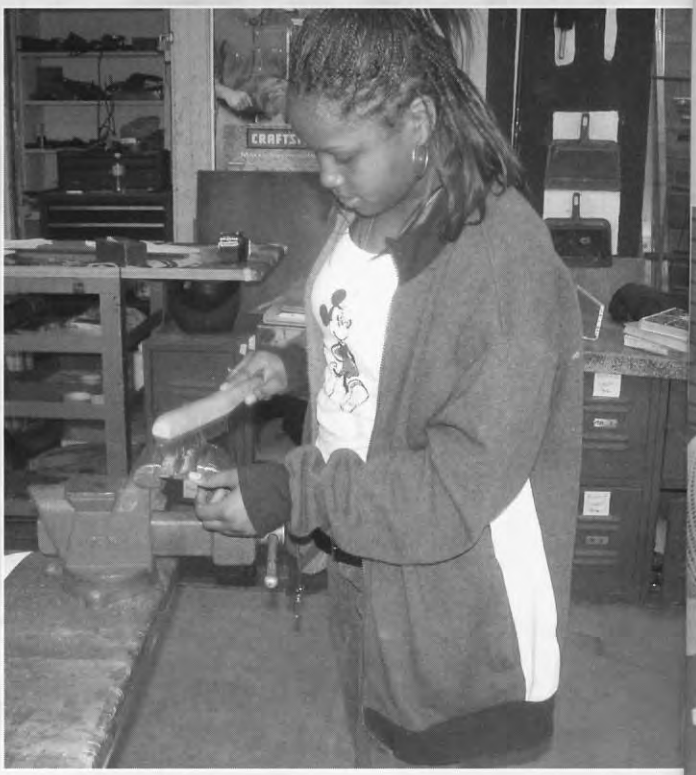
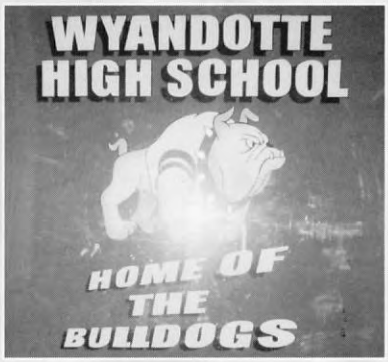
We travel a path through life...

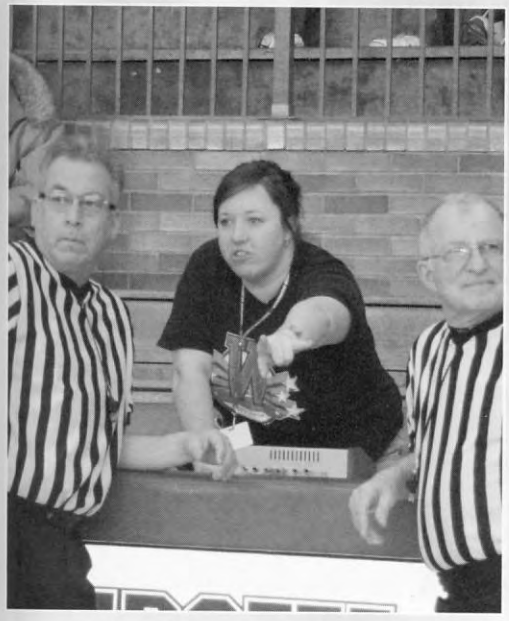


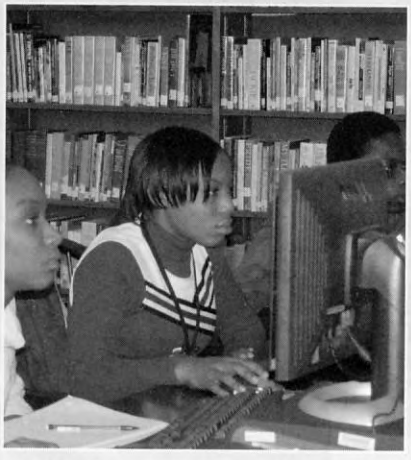


...making memories!

Remembering the Good Times...

on Memory Lane!

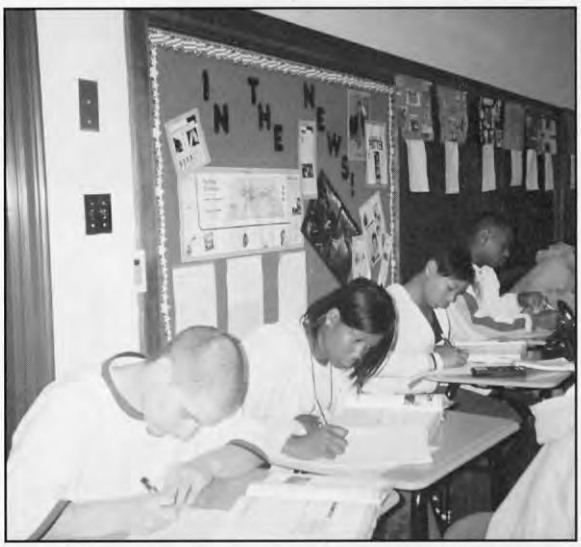




Small Learning Communities

Teaching and Learning Together

Small Learning Communities provide a focus of study and practical application of skills in specialized areas. However, the goal remains to give students an educational foundation, and the experiences they need to succeed in their chosen career field and become lifetime learners.



Opportunity Center

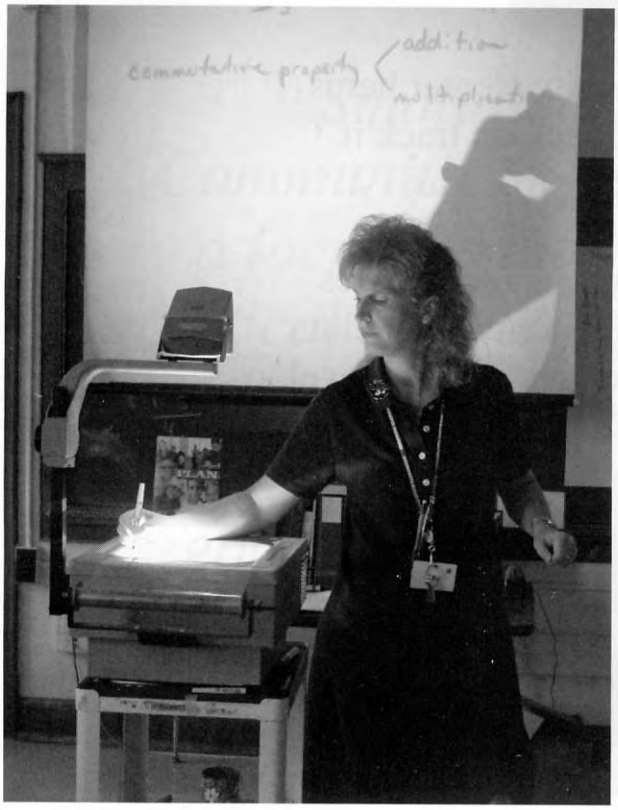
Supporting Success

The Opportunity Center helps students get back on track if they have had problems adapting to the high school environment. Smaller classes and a foucs on core curriculum supports students as they develop learning skills.

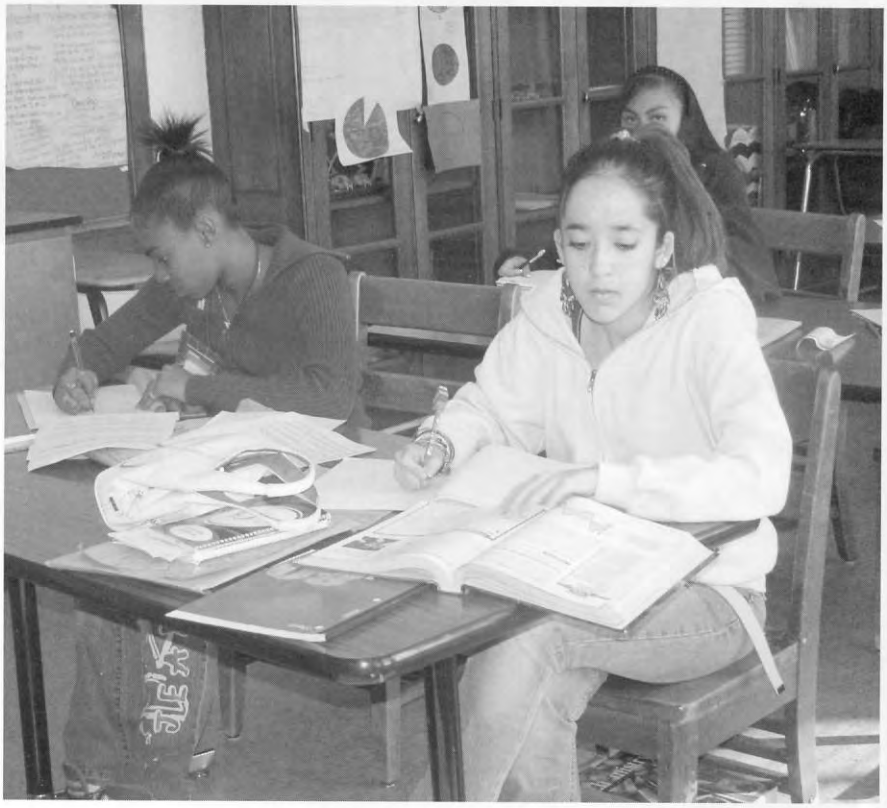
ESL

English as a Second Language

With student diversity comes the need to ensure we are on the same page. For students whose first langauge is not English, classes to teach the language provide an opportunity to communicate better with teachers, peers and friends.



commutative property



Hospitality

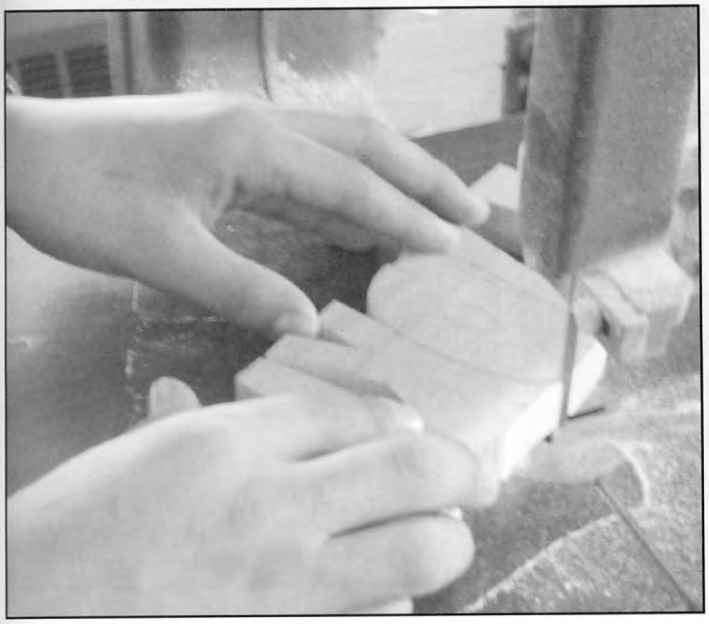
Tourism, Hotels, Catering and Travel

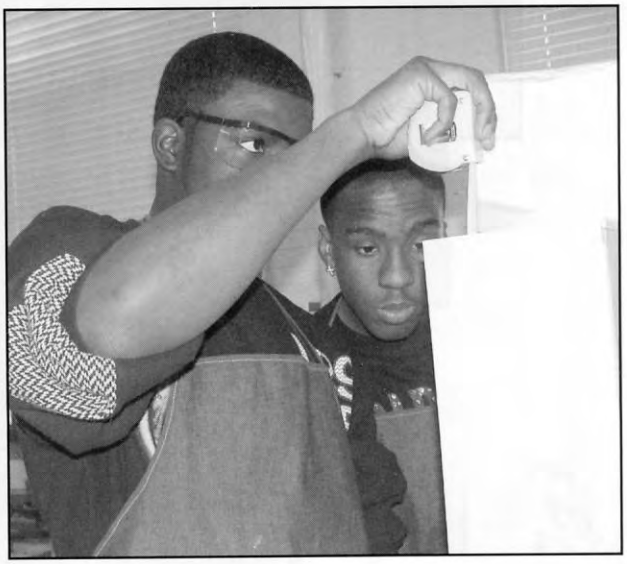
Hospitality's focus is service professions. With "cooking class" a hands-on favorite, many students want to work in the hotel industry or own a restaurant. Students learn about catering, travel, tourism and childcare. Classroom and community-based experiences prepare students for careers and the continued education they may need to reach their personal goals.

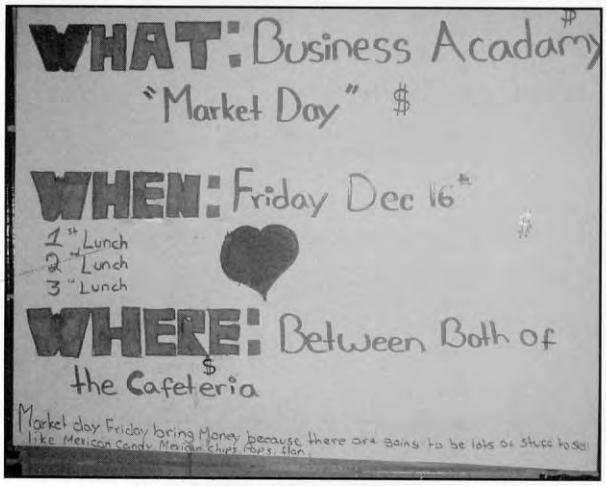
F.A.S.T.

Technology Skills

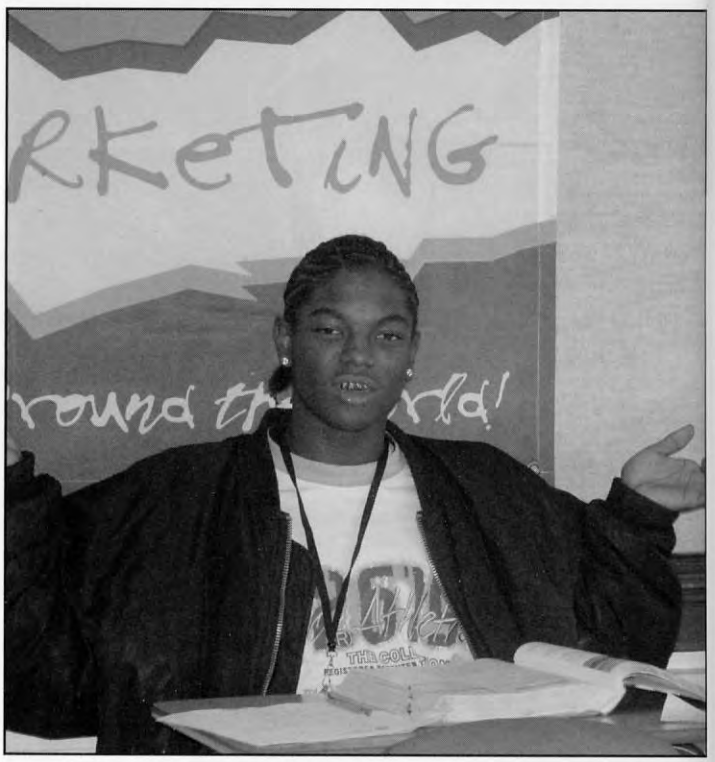
F.A.S.T. - Foundations in Applied Skills and Technology. Students have classes in wood and metal shop, design projects using computers and learn many technological skills. Students have many experiences that are related to career and educational opportunities in their future.



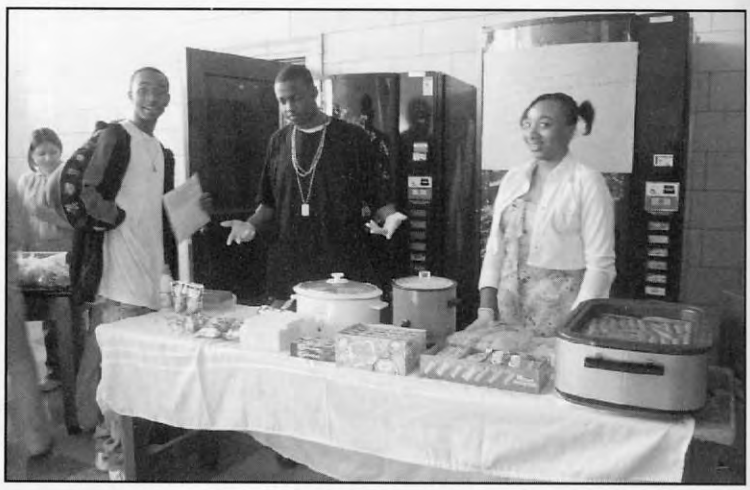


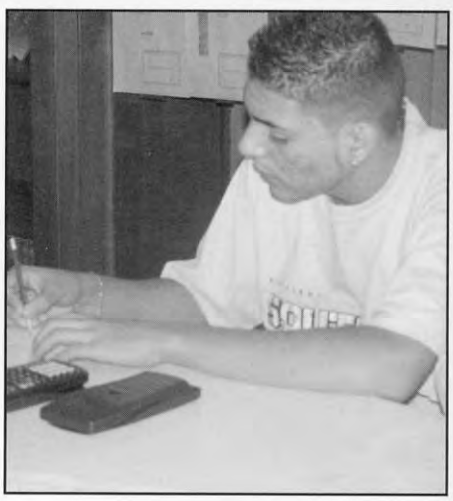


WHAT: Business Acadamy
"Market Day"
WHEN: Friday Dec 16th
1st Lunch
2nd Lunch
3rd Lunch
WHERE: Between Both of
the Cafeteria
Market day Friday bring Money because there are going to be lots of stuff to sell like Mexican Candy Mexican Shirts Pants flan.



RKETING
round th rld!

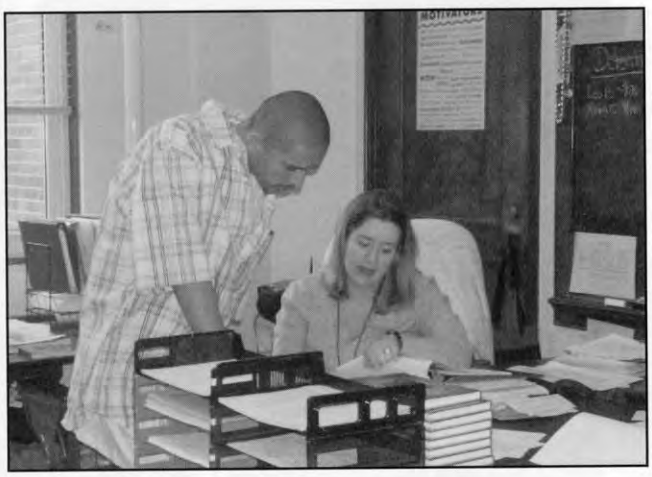




BUSINESS ACADEMY

the World of Business

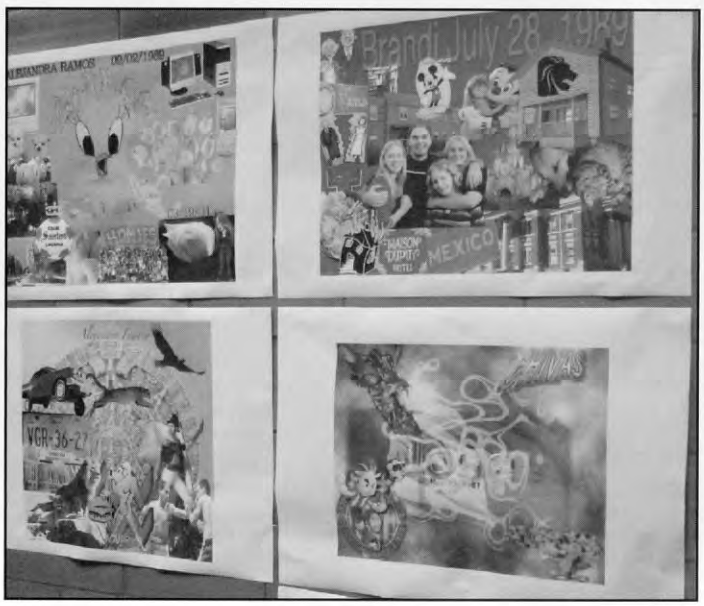
Business Academy students develop a variety of skills they will need to be successfull in business. It's more than making and selling a product. Hiring the right people, advertising and marketing, and accounting skills all are important to success. Computer skills and applying the technology both play a role. Having students achieve and preparing them for a career or advanced education is the goal of the Business Academy.

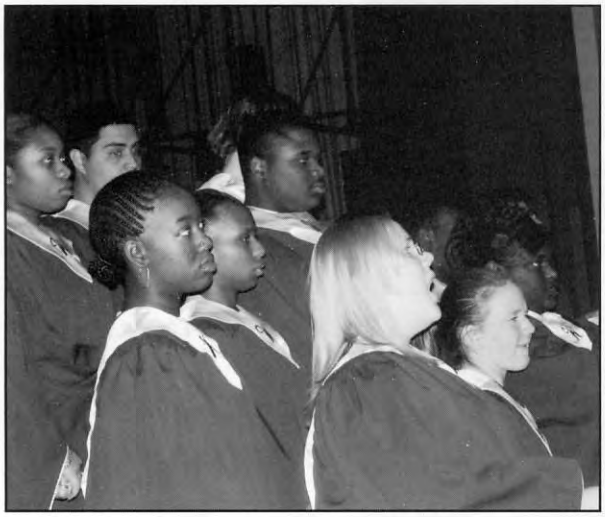


VAT

Visual Arts & Technology

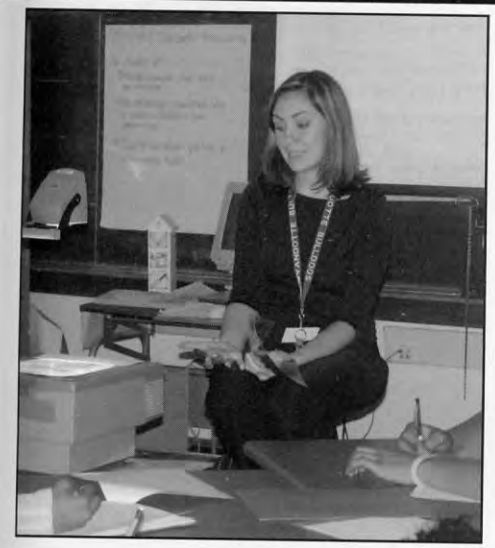
Artistic skill and technology go together in this community. While the basics of art and design don't change, the tools do. Students use cameras and computers to design and produce videos and computer graphics side-by-side with traditional sculpture, painting, and drawing.





Performing Arts

the World of Performance



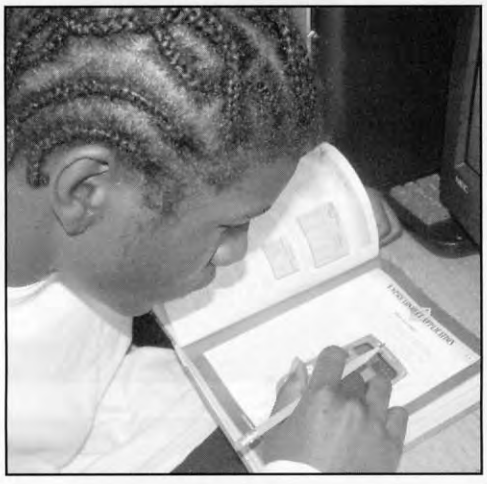
It's all about the performance. Success in the classroom, talent, and working hard is the focus of this SLC. Students use their acting, singing and musical skills in many ways. The marching and pep bands are a mighty presence at Bulldog games and in competition. The orchestra and choirs provide entertainment and enjoyment. Working together is important. It takes a team effort to stage plays: scene design and building, costumes and props, lighting and music and acting and directing come together when the curtain goes up.

Global Communications

Communication with a Global focus

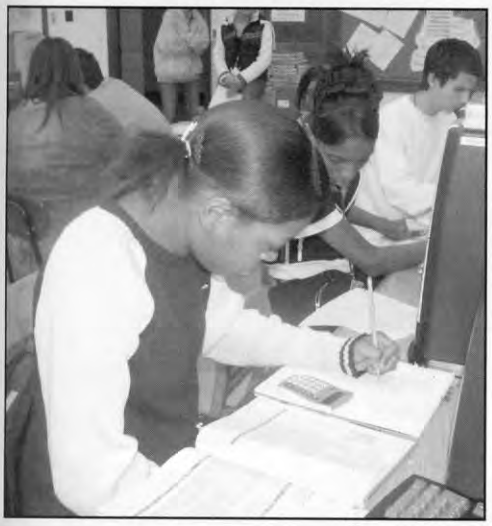
The focus is on learning effective communication. Students take journalism and develop their skills working on the student newspaper, yearbook and in broadcast classes. With an emphasis on "global," the curriculum includes foreign language and Humanities classes that help students better understand other cultures and our own.

FREE!



Health

Exploring Health Careers



Health, science and technology are the focus of the community. Students have experiences in diverse areas as they explore health careers, including internships in local medical centers. Students may also attend the Area Technical School [ATS] qualifying for certification in nursing aide programs.

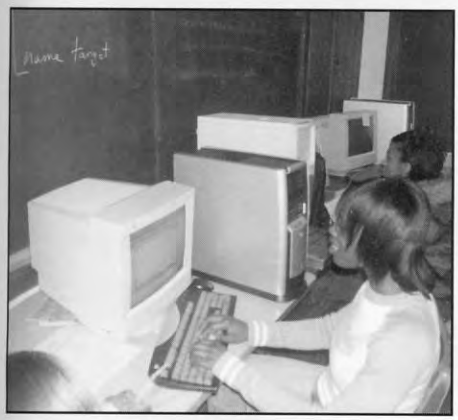
Classroom learning is coupled with community service connecting students with people in need. Helping and caring for others is a major goal of the Health Small Learning Community.

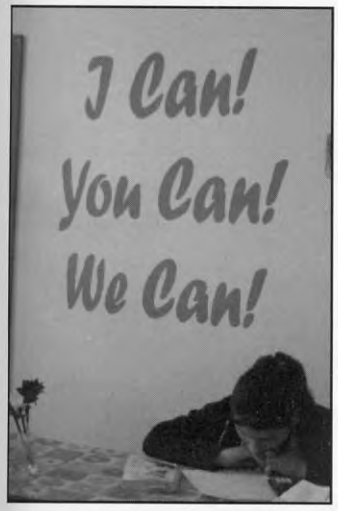
Elective Lane

Expanding Experience

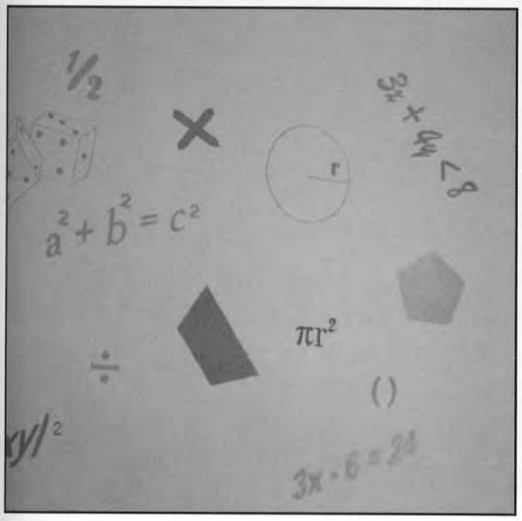
Computers. Gym. Art. Music. They're not extras. They are an important part of a Wyandotte education. Elective lane classes give students choices to explore new areas of interest.

Bulldogs are all about ...

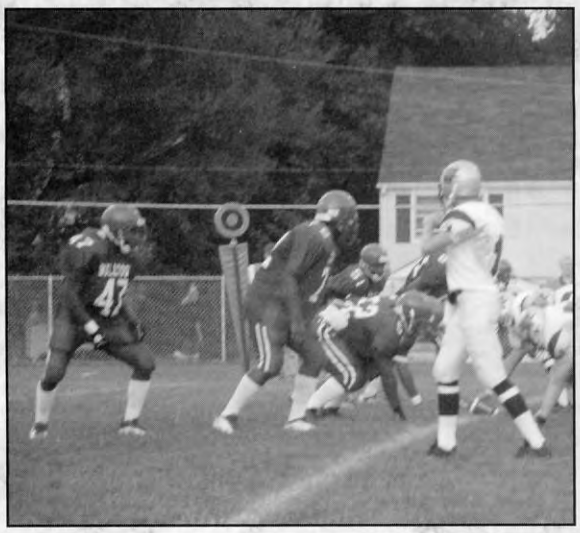


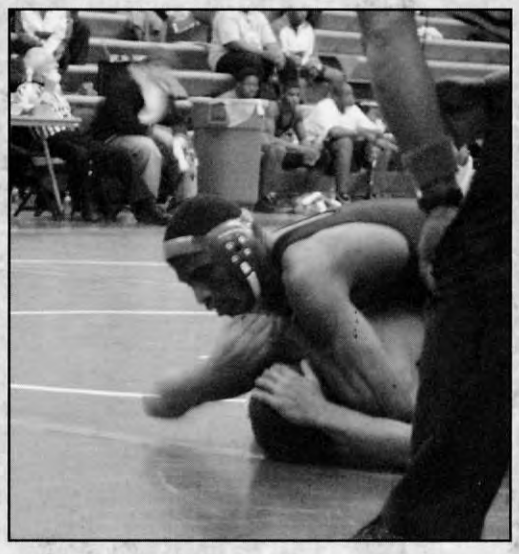


Academic Achievement!

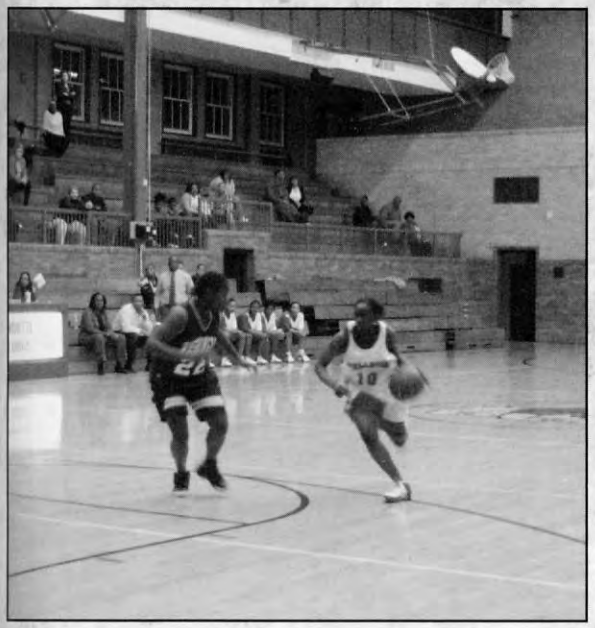


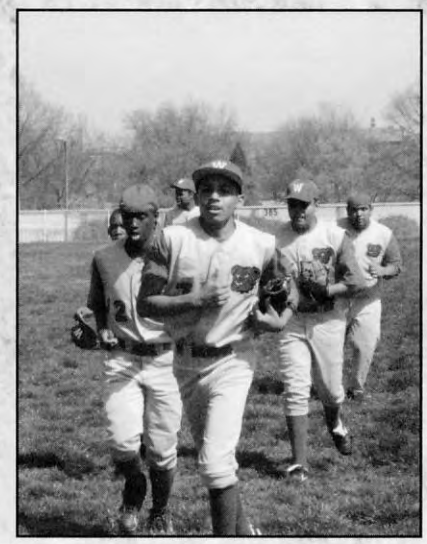
Sports ...





Bulldogs compete!





Football

Coach CJ Jones took over a team that became one of largest squads in recent years. Though they went winless, the young team continued to improve and is dedicated to the hard work it will take to be successful in 2006 season.

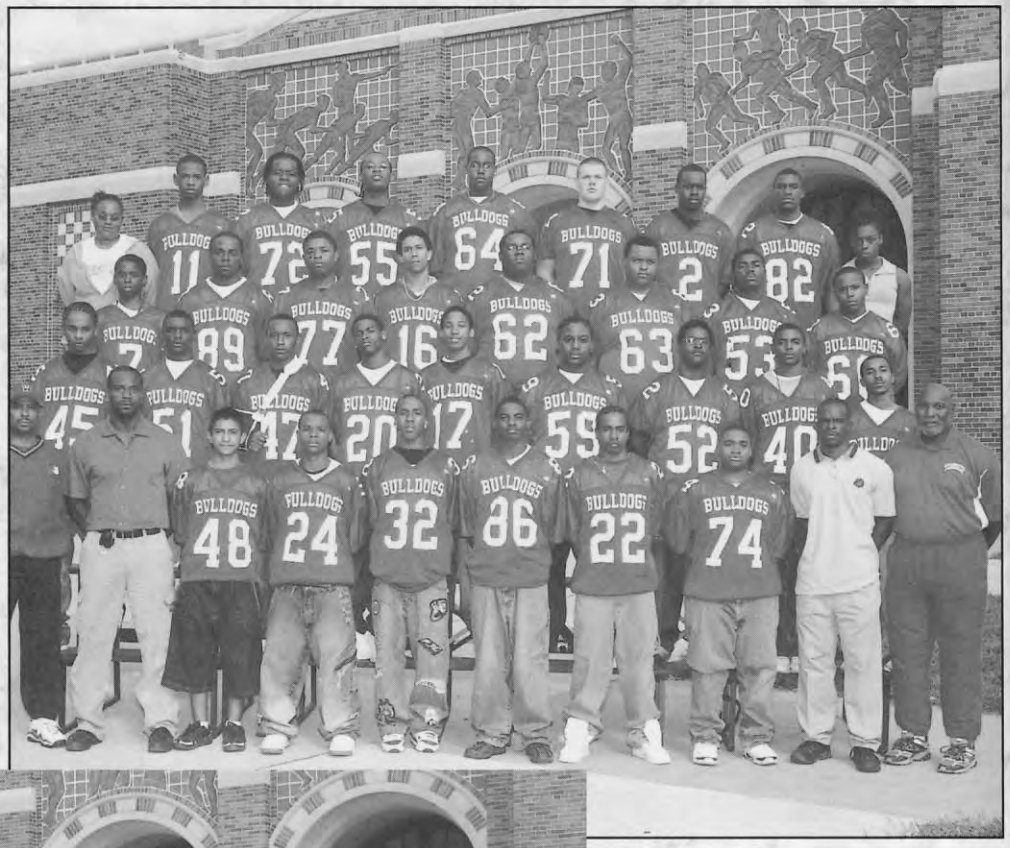
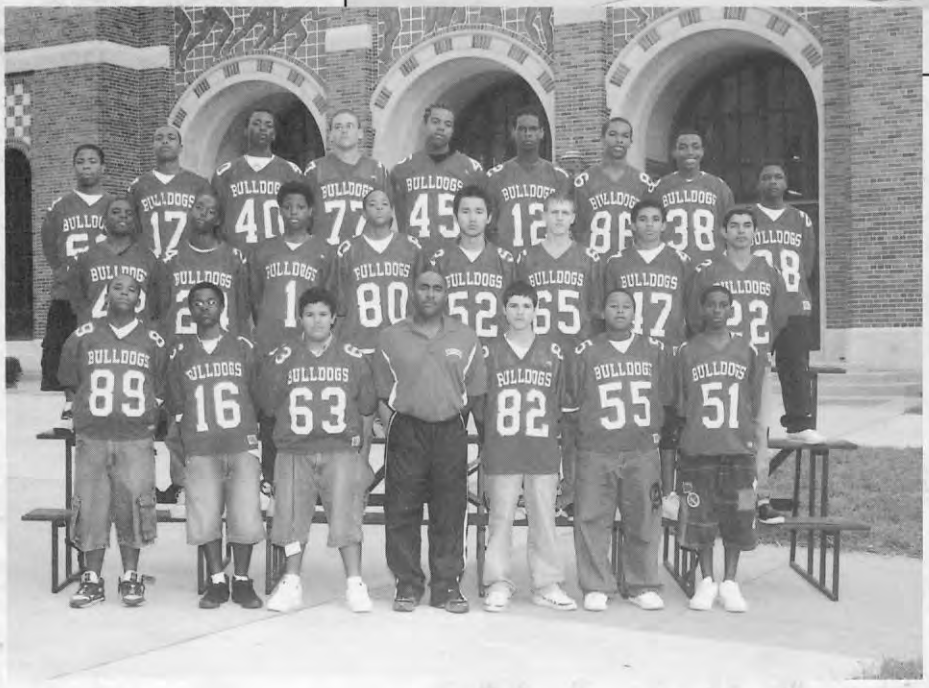
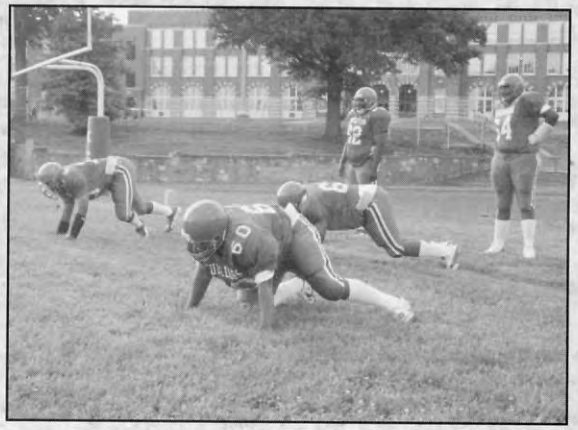
2005 Wyandotte Varsity Football Team

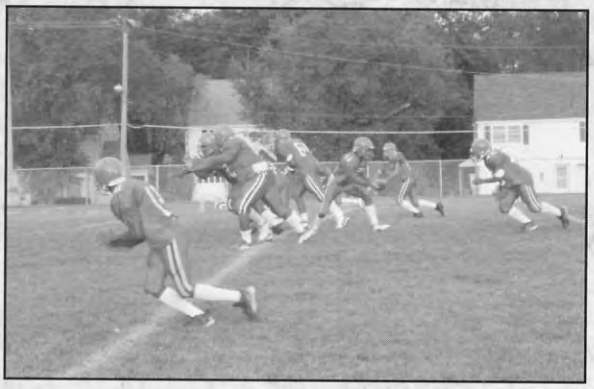


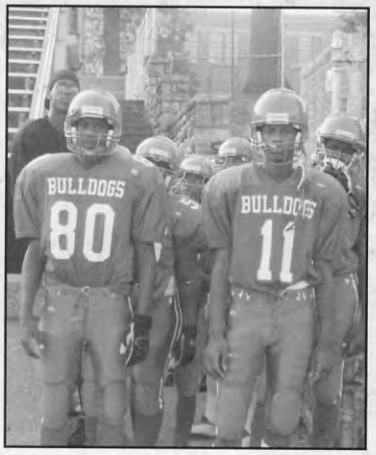


2005 Wyandotte Freshman Football Team



it's all about... Game Day

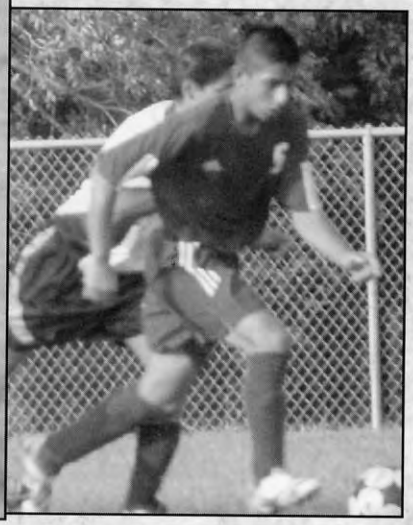




Scoring drought: story of the season

Soccer

The highlight of the 2005 season came early as the Bulldogs beat Washington 12 to 2 in their first game. Coupled with twin 9 to 0 shut-outs of the Schlagle Stallions, the Bulldogs were 3-5 in league play. But the ability to score often makes the difference in winning and losing. When the soccer team, dominated by underclassmen, scored often, they won. The inability to score more than three goals in most games resulted in a 3 win, 12 loss record.



WYANDOTTE
JAGUAR COUNTY

Cross Country

The Cross County team was dominated by youth, but senior Jesus Hernandez led the way as the boy's team was crowned League Champions. He was joined by sophomores Skyler Hall, Seth Irving, and Zachary Carson in the team effort. The girl's squad had more runners than in past years, with freshman Marla Hunter setting the pace. With a young squad returning, there is continued optimism for next year.

Volleyball

The 2005 volleyball team had a long season with only one win. However, the team came together and, as these pictures demonstrate, the players gave their all when the ball was in the air.

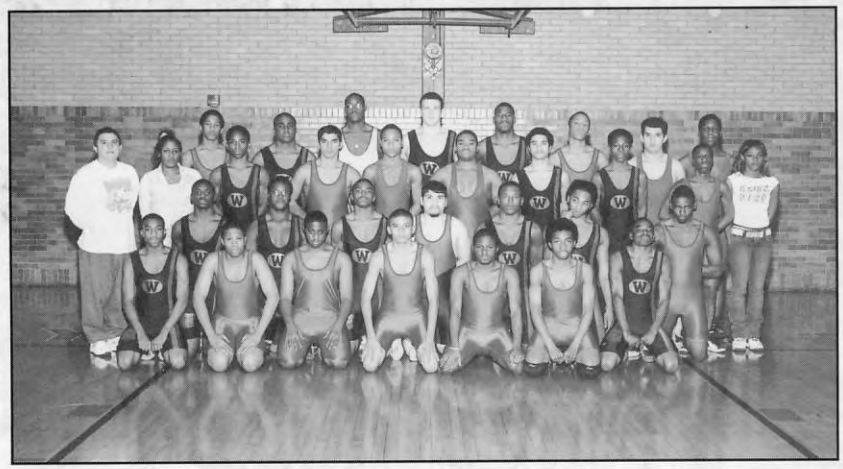
2005-2006 Bulldog Wrestling Team

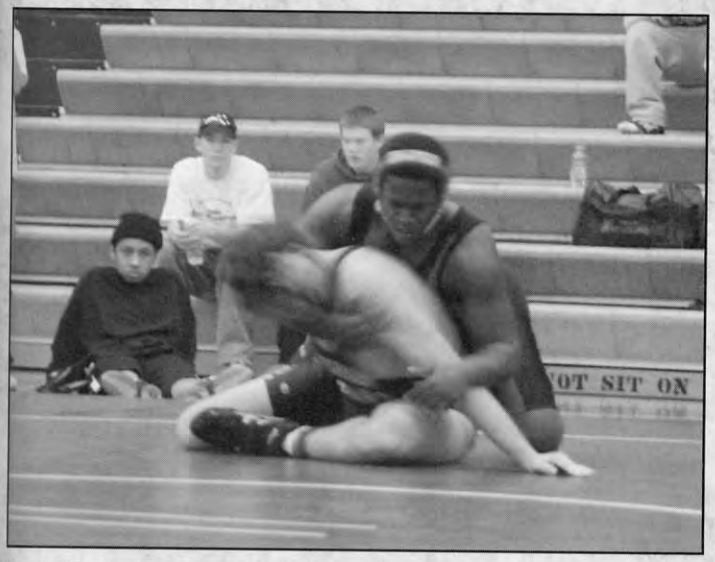


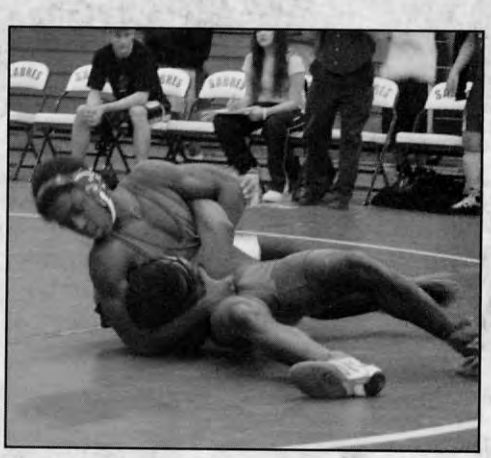
Making a Move at State

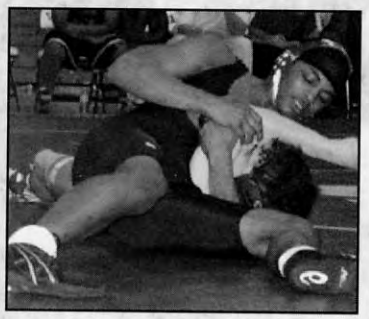
Wrestling

Hard work, enthusiasm and athleticism went into the wrestling team's season. It paid off. The Bulldogs won the League Championship and were victorious in the Piper Tournament. As the season ended another goal was met when ten wrestlers qualified for State. The Bulldog's top wrestler was senior Aaron Newbill who placed fourth.

The team came together as a "family" working hard together, helping each other, to earn success.







Boy's Basketball

The basketball team had a slow start with only one win in December, but the new year brought more success. With 9 wins in 2006, and a 5-2 league record, the Bulldogs were KCK League Champions. This year's team featured a corps of senior leaders with strong bench support.

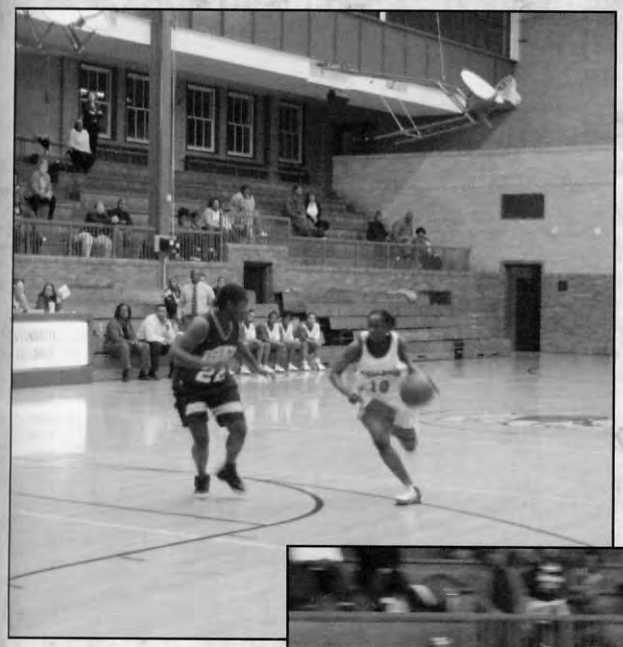
2005-2006 Girl's Varsity Basketball Team

Girl's Basketball

Coach Eric Townsend and his team had their work cut out for them. With just three seniors, the team was young and inexperienced. After a slow start the players improved to finish 9 and 11. Their 3-5 KCK League record placed the Lady Bulldogs third.



Girl's Track & Field

The girls on the track team were few in number but were dedicated. During the season there were some personal and team successes as five athletes qualified for State. Trichelle Heard qualified in the 400 meter run, finishing 7th for a medal. The 4 x 400 team of Jalisa Hall, Desiree Patton, Trichelle Heard and freshman Marla Hunter also qualified finishing 9th.

KCK League Champs

The Boy's Track and Field team was the class of the conference, winning the KCK League Championship. Individual successes led to State qualifying berths for 19 Bulldogs.

Zachery Carson medaled with a 7th place finish in the 300 meter High Hurdles. The 4 x 800 Relay team of Robert and Aaron Newbill, Jesus Hernandez and Skyler Hall finished 9th.

Boy's Track & Field

Bulldog Baseball

A young, inexperienced team took the field for the Bulldog's 2006 season. It was a season for learning and building skills and confidence for future success.

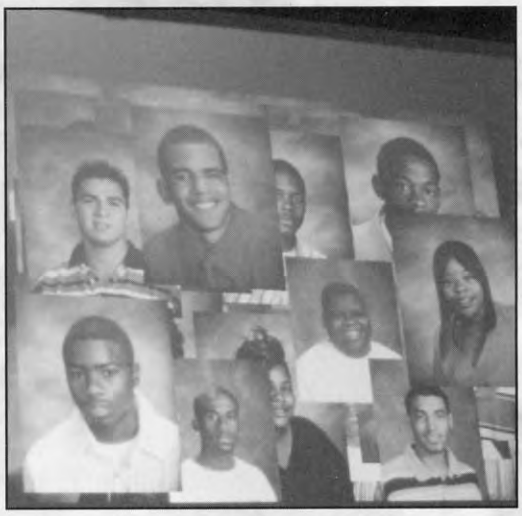
Senior
Class of
2006

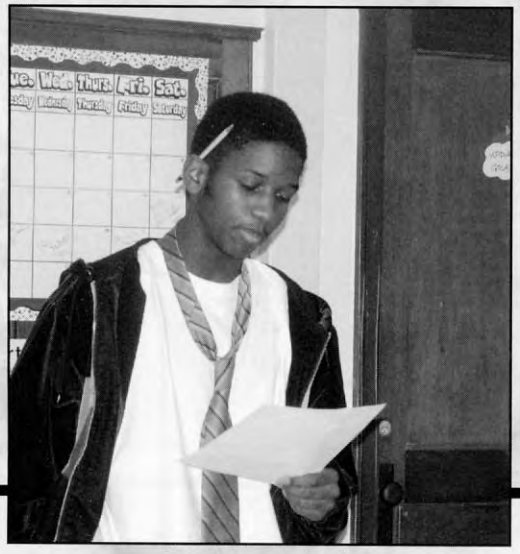
Senior Board

Super Year for the Senior Board! The seniors stepped up and planned a fun year of activities. Homecoming and Prom were as much fun as ever; Spirit Week was a blast. Who can forget the senior picture montage at Passing of the Robe. The Faculty-Senior basketball game was oh, so close.



Debate

Arguing your point of view is common. Debating an issue chosen for you is something else. This year's debate team, and students across the county, argued whether the government should decrease its authority to "detain without charge" or "search without probable cause." Students researched and formulated positions and debated local teams.

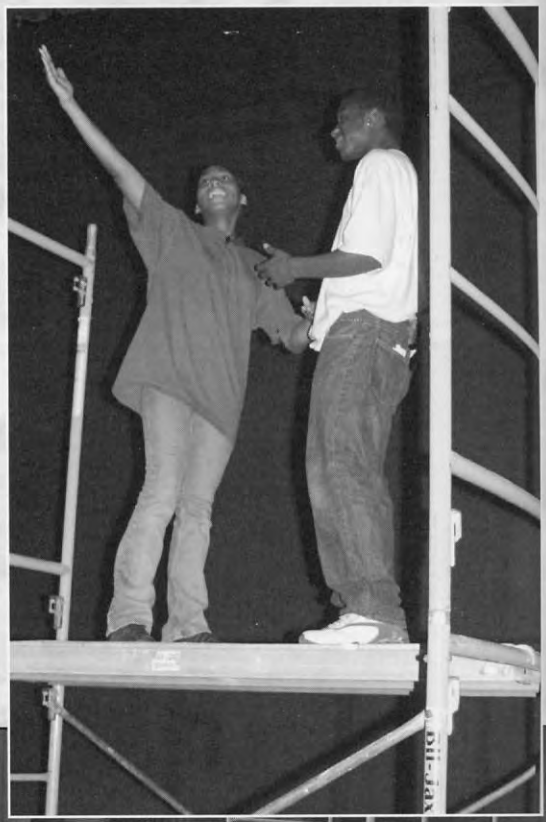


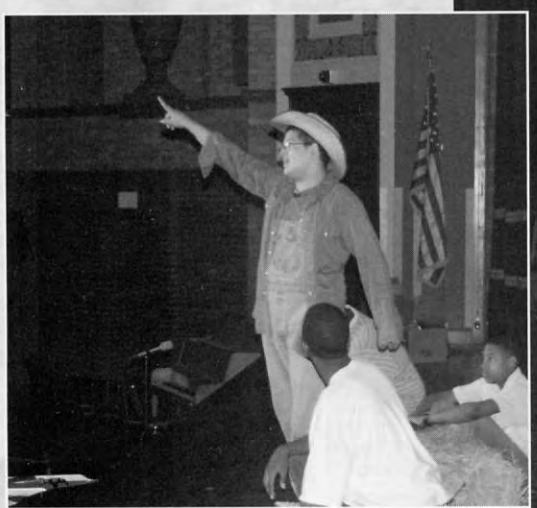
Activities

Games. Dance. Poetry. Cars. Culture. Knitting. Writing. Sports. Performing. Acitvity period was a chance to explore new interests.

Footloose

Representing the "Let's do it together spirit"..."Footloose" came to life on the auditorium stage. Students, teachers, and administrators staged the musical story of the "new city kid" in a small town. Great storyline and super music.





FOOTLOOSE CAST
Ren McCormack - Fred Collier
Ariel Moore - Tracy Thomas
Shaw Moore - John Hileman
Edgar Guzman, Jalessa Cooper, Maria Macias, Cordelia Ford, Arien Johnson, West Martin, Justin Rowland, Cory Grubb, Jeremy Taylor, Jessica Enochs, Sarah Calovich, Allison Clark, Holly DeMoss, Daisy Vargas, Felipe Tello and Alex Rodgers.

"Kansas Scholar" denotes - Kansas Scholar Curriculum Completer

---

"To accomplish great things, we must not only act, but also dream; not only plan, but also believe"

- Anatole France

National Honor Society

Twenty students were inducted into the Wyandotte High School Chapter of the National Honor Society on April 26. They joined twenty previously inducted students for the solemn ceremony. Students are chosen for their scholarship, service, leadership and character.

The theme of the evening focused on the individual taking responsibility in their community. Dr. Nolem Ellision, a 1959 Wyandotte graduate and National Honor Society member, charged students to stand strong in differences of opinon. In the face of crisis, he suggested that understanding and perserverence were need.

Beginning a new tradition, former Wyandotte National Honor Society members were invited to participte in the candle lighting ceremony.

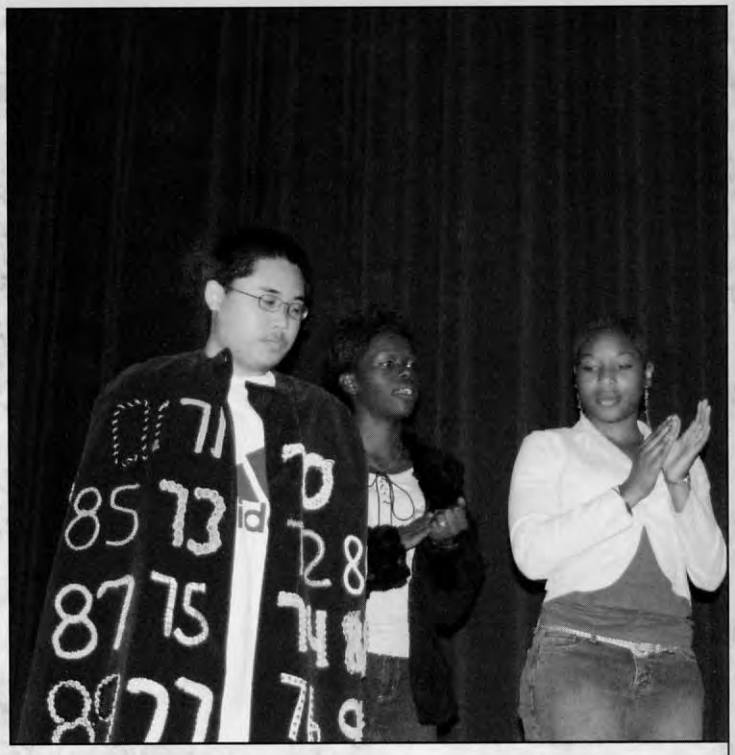
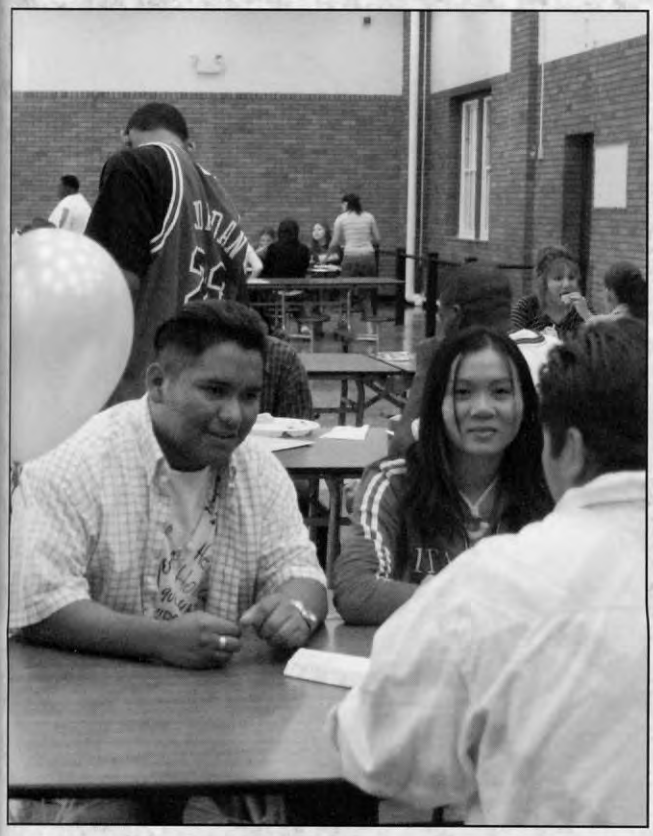
One of the oldest high school traditions in America!

Passing of the Robe

The responsibility of leadership is taken on by each year's class of seniors. At Wyandotte High School, the Passing of the Robe ceremony marks this transition as the Senior class transfers this responsbility to the Junior class. The tradition, more than 100 years old, provides recognition for the seniors as they reflect on their high school experience and contemplate their future. Likewise, it is a time for the juniors to consider their role in the coming year.

Senior Trichelle Heard passes the robe to Sam Phimmachak who accepted it on behalf of the Class of 2007. Senior Nicole Mack was among the students that related the history of Wyandotte High School.





Senior Breakfast

The last day. Classes are done. The school experience is over. The day that every senior waits for. Saying good-bye to friends, wishing them well, thanking teachers and anticipating graduation night. Another Wyandotte tradition.

Graduation 2006

Graduation. An end. And a beginning. The Class of 2006 celebrated their great accomplishment in style. The procession into the auditorium was grand. Students smiled; families cheered; parents shed some tears. The choirs sang and the orchestra played adding to the festive atmosphere.

As the program began, honors students were acknowledged for their outstanding accomplishment. Salutatorian Cherise Henderson was recognized and introduced Valadictorian Jessica Enochs. She used the class motto, a quote from Anatole France, to implore her classmates to strive to accomplish great things, through action, but also to believe in themselves so they can dream and make big plans.

Mr. Steve Gering, Deputy Superintendent of Schools, also applauded the accomplishment of the graduating seniors. While many offer "Good Luck" as a salutation, he offered, "Good Effort" recognizing that with the effort that goes into preparation, the results don't rely on luck. Mrs. Gloria Willis, President of the Board of Education, charged the graduates to continue their education and to become leaders in the community.

The culmination of the evening was the presentation of diplomas to the 211 graduates of the Class of 2007.

Celebration!

Spirit Week

Raisin' the Roof. The Fall excitement began with a Bulldog Growl. "One of the best ever," was heard from many. From the slippers on PJ day, to the dresses on cross-dress day, the Bulldog faithful had FUN. Red & White Day kept spirits high, even through a rain dampened parade and pep rally.

Winter Formal

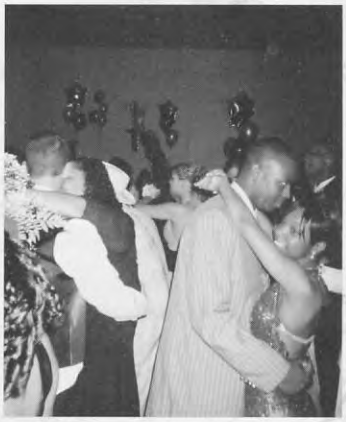
a Wish Upon a Star

Wish Upon a Star! The 2006 Winter Formal was the perfect evening for making a wish. For Jesus Hernandez and Jalessa Cooper their wish came true when they were crowned as the King and Queen. The annual dance features Princes and Princesses from each class voted on by classmates. It was truly a royal event.

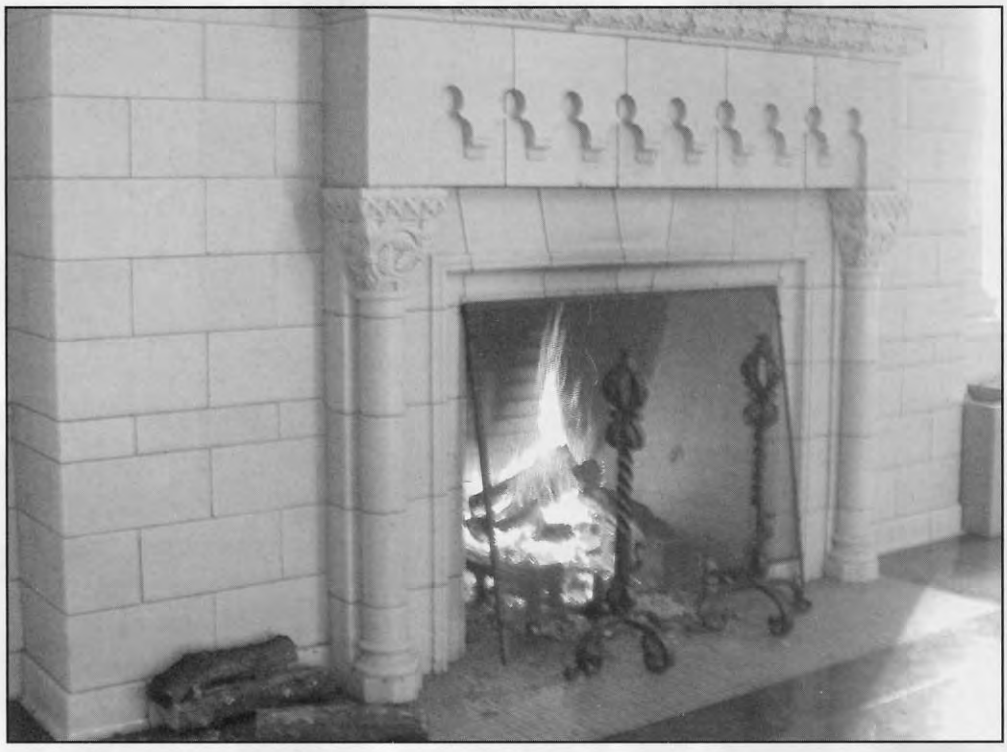
The Prom

Under the Midnight Sky

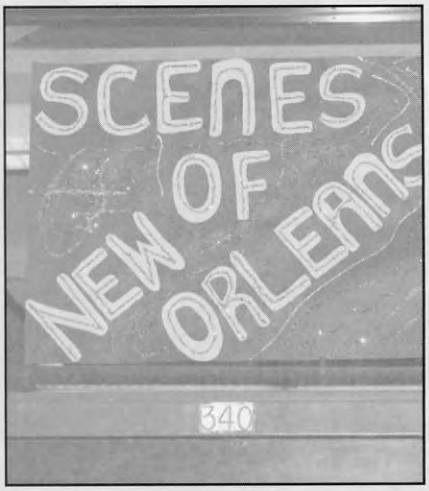
The midnight sky was full of stars for the 2006 Prom. The shooting star decor brightened the evening as dates arrived for an evening of fun.The long-awaited highlight was the crowning of Andrew Bell and Nicole Mack as Prom King and Queen.

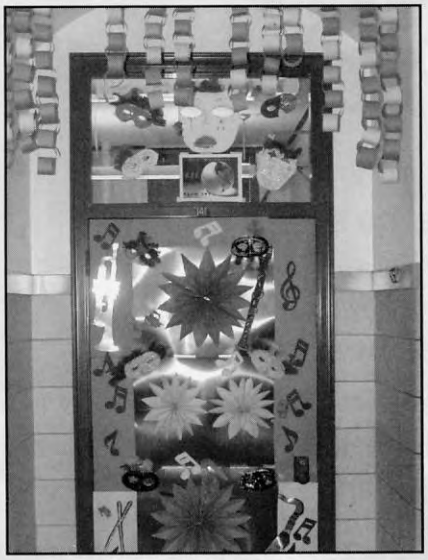


Wyandotte Celebrates



the



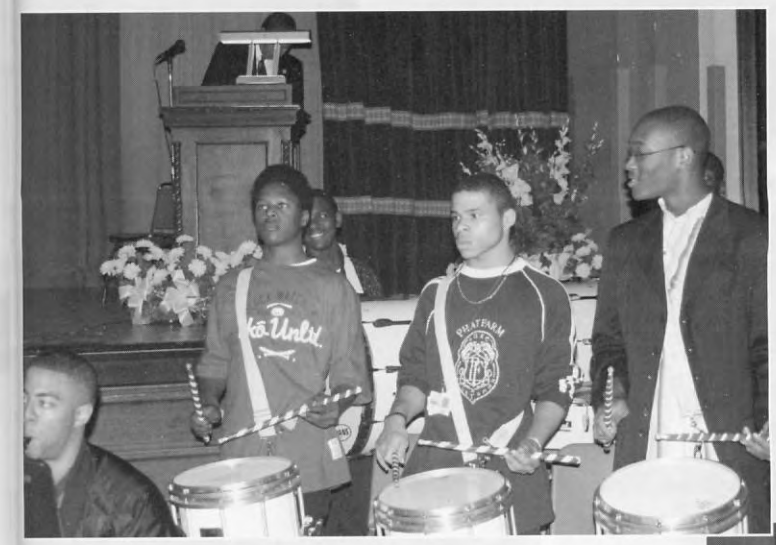


Holidays!

Wyandotte Celebrates

The annual celebration showcased the talents of many students as the choirs sang and the band and orchestra played and the Step Club performed. The guest speaker had the greatest impact. Dr. Nolen Ellison, Class of 1959, spoke of Drs. John Gardner and Martn Luther King, Jr. Above all they believed we should stand strong in differences of opinion and take personal responsibility in our community.

Feb: Black



History Month

Wyandotte Celebrates

The annual Cinco de Mayo celebration included the history of the Mexican holiday and traditional dances in colorful costumes. Wyandotte students were joined by younger dancers from Mark Twain Elementary School. John Rios, a Wyandotte gradaute and school district executive, spoke about the importance of the holiday for all Americans.

de Mayo

Publications

a student voice

Publications provide a forum for the voice of Wyandotte students. "The Pantograph"offers news and opinion and an opportunity for students to apply journalism and design skills. Mr. Willard's newspaper class worked with Mr. Edwards' graphic design class resulting in a dramatic redesign of the paper.

The "Quiverian" yearbook students use visual skills in photography and design functions, while journalism experience is gained through gathering information and writing to tell the story of the 2005-2006 school year.
